About

Welcome to Student Health & Counseling. We are dedicated to providing you with high-quality health care and wellness services.

Our goal at SHCS is to provide patient-oriented, high quality care, addressing the physical and emotional needs of the student population. We serve UCSF students, scholars, researchers and their dependents and strive to exceed accepted standards of care, with clinical and administrative staff. SHCS has a clinical staff that includes primary care physicians, nurse practitioners, psychiatrists, psychologists, registered nurses, a social worker and a doctor of mental health.
