STUDENT HEALTH AND COUNSELING SERVICES COVERAGE

All registered UCSF students paying full registration fees have access to Student Health and Counseling Services (SHCS), even those who have waived the Student Insurance Plan. SHCS also provides primary care to all Scholars and Researchers Health Plan enrollees and to adult dependents of students or SRHP enrollees who are covered under the Student Insurance Plan (see Scholars and Researchers Health Insurance Plan, below). SHCS offers comprehensive primary care, urgent care, immunizations, physical exams, annual exams, and mental health counseling.

Specially care needs are coordinated by SHCS for all those enrolled in the Student Insurance Plan. Except for Emergencies, to access services outside of SHCS, you must obtain prior authorization from a provider at SHCS or the services will not be covered. In the case of an Emergency, SHCS must be notified within 72 hours of treatment. Please refer to pages 17-19 for additional exclusions and limitations of coverage.

Students who have waived the Student Insurance Plan will need to contact their insurance carrier to coordinate specialty care visits.

STUDENT HEALTH AND COUNSELING SERVICES ELIGIBILITY

All registered students, those who have paid the Scholars and Researchers Health Plan fee, enrolled adult dependents and students who have paid the fee for coverage during an approved leave of absence may have such consultations and medical care as SHCS is staffed and equipped to provide. For enrolled children, refer to page 4.

The Student Insurance Plan fee will be paid by students at registration. For the 2009–2010 school year the total annual cost is prorated over Fall, Winter and Spring Quarters. Summer coverage is included for all students registered for Fall, Winter and Spring Quarters.

Eligible scholars and researchers or eligible campus groups may pay the Scholars and Researchers Health Plan fee to obtain health care coverage. Dependents of registered students have a different pricing schedule to obtain health care coverage.

SCHOLARS AND RESEARCHERS HEALTH INSURANCE PLAN (SRHP)

Non-student scholars, researchers or other persons in educational roles engaged in a formal program of UCSF which is approved by the Chancellor may pay the SRHP fee and purchase the Scholars and Researchers Health Plan. This includes previously enrolled students who take time away from the standard curriculum of their school to pursue a course of research or other approved scholarly activity. Coverage is elected and paid by term.

Eligible persons are to submit to Student Health and Counseling Services a completed application with a signature from a UCSF department staff member certifying that the individual is participating in an officially recognized program.

Applications are available on the SHCS website: http://shs.ucsf.edu.
EMERGENCY CARE

Emergency care is covered by the plan. For a definition of Emergency care please see page 20. All urgent and emergent care visits must be reviewed and authorized by Student Health and Counseling Services. Emergency room visits are subject to a $50 deductible, but are not subject to the $250 policy year deductible. The $50 deductible is waived if admitted directly as an inpatient or if the condition is life threatening or would cause the loss, or loss of use, of a body part or organ.

If a Covered Person seeks care at an urgent care facility or emergency room, he or she must forward the clinical notes from the visit to SHCS. No bills are paid without prior or retrospective approval from SHCS.

1. Moffitt-Long Hospital Emergency Room

Emergency care benefit pays for Emergencies at Moffitt-Long Hospital arising from injuries, psychiatric Emergencies, and acute, severe illnesses that require immediate medical attention. The emergency room is to be utilized for Emergencies only. If a Covered Person is seen in the emergency room for other than an Emergency, they will be charged for the services rendered.

Moffitt-Long Hospital Emergency Room is open 24 hours, weekdays and weekends.

2. Other Emergency Rooms

A Covered Person may also seek care at an emergency room other than the Moffitt-Long Hospital emergency room. A Covered Person is not limited to using ONLY the Moffitt-Long Emergency Room.

IMPORTANT: ANY COVERED PERSON WHO VISITS THE EMERGENCY ROOM MUST NOTIFY STUDENT HEALTH AND COUNSELING SERVICES WITHIN 72 HOURS OF SERVICE.

The emergency room clinical notes must also be forwarded to SHCS at 500 Parnassus, Box 0722, San Francisco, CA 94143-0722. Clinical notes can also be faxed to SHCS at: 1-415-476-6137. Any necessary follow-up care must be authorized by SHCS in order to be covered by the Student Insurance Plan.

NON-EMERGENCY CARE

Care Available at Student Health and Counseling Services

All local primary care must be received at SHCS.

1. Outpatient Care

Student Health and Counseling Services is staffed and equipped to handle outpatient primary care. Diagnostic x-rays, laboratory tests and referral visits to outpatient specialty clinics are available as described under the Student Insurance Plan Schedule of Medical Benefits on pages 12-16 and only when authorized by SHCS.

2. Psychiatric Care

Short-term psychiatric and psychological counseling services, including urgent care or triage during business hours, are available at SHCS up to a maximum of 10 visits per policy year. Student Health also offers after-hours mental health counseling and crisis support services over the telephone. Services are available any time Student Health is closed, and include telephone intake assessment and crisis counseling with a therapist.

A Covered Person who needs long-term therapy will be referred by SHCS to an outside provider. The cost of long-term therapy will be partially covered by the insurance plan if authorized prior to therapy and referred by SHCS, as described under the Student Insurance Plan Schedule of Medical Benefits. Please refer to the Mental and Nervous Disorders benefit on page 13. SHCS will help the Covered Person choose the best provider for them if a referral is indicated.

3. Specialty Care Referrals

Upon referral from the SHCS medical staff, a Covered Person may obtain specialty care outside SHCS. SHCS frequently refers a Covered Person to the UCSF Medical Group. The Covered Person may choose to see a provider off-campus as well.

4. Physical Examinations

Annual physical exams and routine annual pap smears are available at SHCS by appointment.

5. Travel Consultation

SHCS offers a comprehensive Travel Clinic, including an in-depth consultation specific to the country of destination. Enrollees can obtain travel vaccinations at an affordable cost.

6. Immunizations and TB Testing

Tuberculin skin tests are provided free of charge as part of the TB prevention effort. A Covered Person who is found to have recent exposure to tuberculosis as evidenced by conversion of their skin test from negative to positive will be evaluated by SHCS and offered follow-up care. SHCS also administers immunizations.

7. Contraceptive Counseling

This program provides counseling, gynecologic examination, including pap smears, and contraceptive care. Various methods of birth control are available at SHCS for a nominal fee.

(continued on page 4)
8. Prescriptions

Benefits are available under the Student Insurance Plan for prescriptions written at SHCS and by providers to whom the Covered Person has been referred.

A Covered Person must use an Express Scripts network pharmacy. To locate an Express Scripts pharmacy, visit www.Express-Scripts.com. Each prescription is limited to a 30-day supply. In no event will the cost for prescription drugs be covered beyond the termination date of coverage for the Covered Person.

Prescription fills are subject to the 30-day supply copay of $15 for each generic prescription or $25 for each brand name prescription (a $15 copay in the event that there is no generic replacement for a prescribed brand name) and the $10,000 policy year maximum.

The SHCS staff does not provide pediatric care for children under the age of 18. Enrolled dependent children under the age of 18 should obtain care outside of SHCS. Please refer to the Preferred Provider Organization section of this booklet (page 11) for information on obtaining care outside of SHCS.

Litigation: When litigation or claims against third parties are initiated, the Covered Person may be required to assign the proceeds (settlement or judgment) in an amount sufficient to compensate SHCS for expenses incurred in treating conditions or disorders for which compensation may be received from the third party. An example of this would be a car accident where litigation or claim settlement results in coverage of health care needs.

NATIONWIDE LIFE INSURANCE COMPANY
STUDENT HEALTH INSURANCE PLAN

The Student Health Insurance Plan augments the care available through Student Health and Counseling Services. Health insurance coverage broadens the protection provided by SHCS in such areas as acute hospital care, Emergency surgical services and worldwide out-of-area Emergency care.

IMPORTANT: Pre-Existing Conditions will not be covered by this program for up to six (6) months, except as specifically stated on page 19.

The Covered Person must utilize the facilities of SHCS first, or benefits will NOT be payable, except in the case of Emergency.

Pages 5-26 of this brochure provide a brief description of the important features of the insurance plan. Please keep this brochure as a general summary of the insurance, as it briefly describes benefits under the policy of insurance issued to UCSF. It is not a contract of insurance. Coverage is governed by a policy of blanket injury and sickness insurance underwritten by Nationwide Life Insurance Company. As evidence of your coverage, a policy of insurance (Policy Number 302-078-0407) has been issued to the University which contains the benefits and provisions which apply to the plan of insurance sponsored by the University. Any discrepancy between this brochure and the policy will be governed by the policy. Please keep this brochure for future reference.

Information about Nationwide Life Insurance Company coverage can be obtained from Student Health and Counseling Services, Millberry Union, Room MU-H005; by phoning 1-415-476-1281 between 8:00 a.m. and 5:00 p.m.; or by contacting Personal Insurance Administrators, Inc. at 1-800-468-4343.
ELIGIBILITY

Students
All registered students are covered under the Student Health Insurance Plan unless they have been approved to waive coverage (see Waiver Procedure section on page 7). The Student Health Insurance Plan fee will be paid by students at registration. For the 2009–2010 academic year, the total annual cost is prorated over Fall, Winter and Spring Quarters. Insurance coverage is mandatory while enrolled at UCSF. Students who waive out of the plan may elect to enroll later if they lose their prior coverage. Please refer to the Waiver Procedure section for further clarification.

Those who have paid the Scholars and Researchers Health Plan fee are eligible to enroll in the Student Health Insurance Plan. Students on a University-approved leave of absence may enroll in the Student Health Insurance Plan for a maximum of one (1) quarter per lifetime.

Students who are graduating are eligible to enroll in the Continuation Plan for three (3) additional months after the termination date of their final term of coverage.

Dependents
The Student Health Insurance Plan may also be purchased by eligible dependents of fully enrolled/registered UC San Francisco students. Eligible Dependents are the insured student’s: 1) legally married spouse or Domestic Partner who resides with the student; or 2) child who is dependent upon the student for support and maintenance and is under the age of 19 (25 if a full-time student). Dependents are eligible on the date the student is eligible and new dependents are eligible when attained. Coverage for Eligible Dependents will not be effective prior to that of the insured student or extend beyond that of the insured student.

A newly-acquired dependent child will be covered under the plan for the first 31 days after: 1) the birth date of the newborn child; 2) the effective date of adoption of the child by the student; or 3) the date of placement of the child for adoption with the student. Coverage for such child will be for Sickness and Injury, including medically diagnosed congenital defects, birth abnormalities, prematurity and nursery care (for well baby care please see page 16). Should the student’s coverage terminate before the end of the 31-day period, newborn coverage will not extend beyond the student’s termination date.

The insured student will have the right to continue coverage for the child beyond 31 days. To continue the coverage, the insured student must, within 31 days after the birth, adoption or placement for adoption: 1) submit a completed enrollment form; and 2) pay the required additional premium for the continued coverage.

If the insured student does not use this right as stated here, all coverage as to that child will terminate at the end of the first 31 days after the child’s birth, adoption or placement for adoption.

The Company maintains its right to investigate student (and dependent) status and attendance records to verify that the Policy eligibility requirements have been met. If and whenever the Company discovers that the Policy eligibility requirements have not been met, its only obligation is refund of premium less any claims paid.

Students are required to have a qualifying health insurance policy in effect at all times while enrolled at UCSF. Students are automatically enrolled under this insurance plan when they register unless the student submits a completed and approved waiver application online showing other comparable coverage meeting all campus requirements by the Waiver Deadline Date.

ENROLLMENT

Registered Students
Students are automatically enrolled under this insurance plan when they register unless the student submits a completed and approved waiver application by the Waiver Deadline Date. The cost of annual coverage is paid during registration for the Fall, Winter and Spring Quarters (Summer coverage is included for all students registered and enrolled for Fall, Winter, and Spring Quarters).

If an Eligible Student has waived out of the UCSC insurance plan and later loses his/her qualifying prior coverage, it is the responsibility of the Eligible Student to submit to Student Health and Counseling Services written notification of the loss of coverage and cancelation of the waiver within 30 days of the termination date of the prior coverage. Eligible Students must pay the entire premium for the term in which they are electing to enroll.

Eligible Students and Dependents may extend coverage from the termination date of the term (see Terms of Coverage on pages 9-10) to the first day of the following month by enrolling within 30 days prior to the end of the term and paying the required additional premium. To enroll, obtain an application from the SHCS website and submit the additional premium payment as required. Student who utilize this extension of coverage may NOT enroll in the Continuation Plan (see below).

Scholars and Researchers Health Plan Enrollees

Leave of Absence Students
Students on University-approved leave of absence may enroll by submitting a copy of their signed leave of absence form, along with payment for the SRHP fee and an application to SHCS. Students are eligible to receive health insurance coverage during an approved leave of absence for a maximum of one (1) quarter per lifetime. A Leave of Absence form can be obtained at the Office of the Registrar.

Continuation Plan
Students who are graduating are eligible to enroll in the Continuation Plan for three (3) additional months after the termination date of their final term of coverage. Continuation Plan coverage includes all the same benefits, limitations and exclusions as the Student Health Plan, except there is a $50,000 maximum per Sickness or Injury and there is no Dental Plan coverage included. In addition, the SHCS Referral Requirement is waived for the Continuation Plan.

Students who wish to enroll in the Continuation Plan must enroll and pay the additional premium by the termination date of their current coverage. To enroll, obtain an application from the SHCS website and submit the additional premium payment as required. Eligible Dependents of enrolled students may also be enrolled under the Continuation Plan provided they were also covered in the immediately preceding term. Please see the Enrollment Form for Continuation Plan costs of coverage.

New and covered Eligible Dependents may enroll by submitting the required premium amount with an application. Please contact SHCS for dependent rates and applications. Applications are also available on the SHCS website. In order to be eligible to enroll Domestic Partners in the Plan, compliance with and filing of the Domestic Partnership affidavit must be completed at the time of enrollment and payment of premium. The Affidavit of Domestic Partners is available through SHCS.

TERMS OF COVERAGE

Effective Date
Coverage for eligible students will begin at 12:01 a.m. on the effective date of the applicable policy term listed. For all continuing Covered Persons, coverage renews at the beginning of each Policy Year on the effective date of the Fall Quarter (except Graduate Division students).

Coverage is purchased for students on University-approved leave of absence, and all dependents becomes effective at 12:01 a.m. on the first date of the applicable term if premium is received before this date. If premium is received on or after the first date of the applicable plan term, coverage will be effective at 12:01 a.m. on the date immediately following the date on which premium is received. Premium for new dependents must be received within 31 days of the attainment of such dependents. Failure of the student to enroll for dependent coverage within the enrollment period shall be construed as rejection of coverage. Please note that continuing students who are not automatically enrolled must renew their coverage within 31 days of their previous termination date in order to maintain continuous coverage.

Coverage for students enrolling in the Continuation Plan becomes effective at 12:01 a.m. on the first date following the termination date of their final term of coverage, provided enrollment and payment are received prior to this date.

Termination Date
All coverage terminates at 12:01 a.m. on the earliest of:
1. The last date of the applicable term of coverage for which the Covered Person has paid premium;
2. The date the Policy terminates (09/08/10);
3. The date a Covered Person enters full-time active military service;
4. The last date of the applicable term of coverage: a) after receipt of the Covered Person’s written request to terminate coverage; or b) when the Covered Person is no longer eligible; or

Coverage for students and dependents who have extended coverage as specified in the Enrollment section will terminate on the first day of the month following the termination date of the term. Coverage for students and dependents enrolled in the Continuation Plan will terminate three (3) months from the termination date of their final term of coverage.

(continued on page 10)
Note: The termination of the policy year will be the official date published from the UCSF Office of Admission and Registrar or 09/08/10, whichever is later. We do not send termination or renewal notices. It is the Covered Person’s responsibility to renew coverage in a timely manner, subject to continuing eligibility. Eligibility requirements must be met each time premium is paid to renew coverage.

EXTENSION OF BENEFITS

If a Covered Person is Hospital Confined due to Sickness or Injury at the time coverage terminates, benefits will continue to be paid for such Sickness or Injury until the earlier of: 1) the date the Covered Person is discharged from the hospital; or 2) the date the maximum policy benefits have been reached. Dependents that are newly acquired during the Covered Person’s Extension of Benefits period are not eligible for benefits under this provision. This Extension of Benefits provision does not apply to prescription drug coverage.

PREMIUM REFUNDS

There are no premium refunds, except when a Covered Person enters full-time active military service, at which time a pro-rata refund of premium paid will be made upon request.

STUDENT HEALTH AND COUNSELING SERVICES
REFERRAL REQUIREMENT

Except in the case of an Emergency, benefits will be provided only in the event that the Covered Person obtains a referral from a medical staff member at SHCS prior to seeking treatment outside of Student Health and Counseling Services.

SHCS staffing does not provide pediatric care for children under the age of 18. Enrolled dependent children under the age of 18 are not subject to the requirement noted above.

Benefits will be payable for Emergency care only if:
1. An Emergency exists as determined by the Company (see definition of Emergency on page 20); and
2. SHCS is notified within 72 hours of treatment.

Please note: Emergency rooms are to be used for Emergencies only. If a Covered Person is seen in the emergency room for other than Emergency reasons, they will be charged for the services rendered.

Submit all charges to:
Personal Insurance Administrators, Inc.
P.O. Box 6040
Agoura Hills, CA 91376-6040

PREFERRED PROVIDER ORGANIZATION

Please read the following information so you will know from whom or what group of providers health care may be obtained.

The Student Health Insurance Plan utilizes the California Foundation for Medical Care (CFMC) network of hospitals and Doctors (PPO). The CFMC network is available for care within the state of California. Access to the First Health Network PPO is available for medical care nationwide, when seeking treatment outside of the state of California. Network access provides benefits for covered charges incurred at 90% of PPO charges for Injury or Sickness when treated by network providers and provides benefits worldwide for covered charges incurred at 70% of Reasonable and Customary (R&C) charges when treated by non-network providers.

If out-of-pocket covered charges exceed $5,000 for all conditions, the Company will pay 100% of additional covered charges in the Policy Year, up to the Policy Year Limit.

In California

For a complete listing of the PPO hospital and Doctor facilities within California, contact the California Foundation for Medical Care (CFMC) at 1-800-334-7341 or visit www.cfmcken.org.

Outside California

For medical providers outside of California, call the First Health Network toll-free at 1-800-226-5116 or visit www.myfirsthealth.com.

You may also call Student Health and Counseling Services at 1-415-476-1281 or Personal Insurance Administrators at 1-800-468-4343.

If a Covered Person is being treated by a Preferred Provider for an acute, serious chronic condition, pregnancy, newborn, or a terminal illness, and the Provider’s contract terminates with the PPO, the Insured may be eligible under certain conditions to continue treatment with the Provider at the PPO rate. Contact the claims administrator for details.

Please be aware that if you are treated at a PPO hospital, it does not mean that all providers at that hospital are PPO providers. In addition, if you are referred by a PPO provider to another provider or facility, it does not mean that the provider or facility to which you are referred is also a PPO provider. For instance, when a network provider refers you to a lab for tests, be sure it is a network lab. Also, if you have surgery, make sure the anesthetist is a network provider or you will be required to pay the higher coinsurance. This information can be found on the network websites listed above.
**SCHEDULE OF BENEFITS**

The benefits of this program shall be provided only to the extent that services are determined to be Medically Necessary as defined in this summary. The fact that a Doctor or other provider prescribes or orders the services does not of itself make it Medically Necessary or a covered charge.

**Deductible**
The required deductible is $250 per Policy Year. When a Covered Person incurs covered charges in excess of the $250 deductible, the Policy will pay the appropriate coinsurance as stated in the medical benefits section.

Each Covered Person need meet this deductible only once in a Policy Year. If covered expenses are applied to such deductible in the last three (3) months of the Policy Year, the amount applied toward the deductible will be credited to the next Policy Year’s deductible amount.

**Coinsurance**
Once the deductible has been met, the Policy provides 90% of covered charges when utilizing network providers and 70% of covered charges when utilizing non-network providers. If out-of-pocket covered charges exceed $5,000 for all conditions, the Policy will pay 100% of additional covered charges in the Policy Year, up to the Policy Year Limit. In no event will payment exceed the contracted rate for network providers or the Reasonable and Customary (R&C) charges for the area in which care is provided, up to the Policy Year Limit.

**Policy Year Limit**
Payment for medical benefits will not exceed an aggregate amount of $250,000 ($100,000 for dependents) during each Policy Year for each Sickness or each Injury while insured under the policy.

STUDENT DENTAL INSURANCE PLAN

Coverage under a separate dental insurance plan is included in the cost of coverage for the convenience of the student, but in no way affects the benefits, limitations and exclusions of the Health Insurance Plan described herein. Coverage is NOT included in the Continuation Plan.

The following is a summary of dental coverage from Delta Dental of California incorporating the Delta Dental PPO network. This is not a complete statement of coverage or limitations. Please contact Student Health and Counseling Services to view plan booklet with a more complete description of benefits.

Some important information about this plan:

- You may obtain dental care from any dentist of your choice, however an insured person generally pays less out-of-pocket when using PPO providers.
- The Calendar Year Deductible is $25 per person.
- The Calendar Year Maximum is $1,500 per person.
- The Student Dental Plan has the same effective dates as the Student Health Insurance Plan.

GENERAL INFORMATION

ELIGIBILITY: All students meeting the eligibility requirements and enrolled in the Student Health Insurance Plan are automatically enrolled in the Student Dental Insurance Plan. Eligible dependents are automatically enrolled in the Dental Insurance Plan when enrolled in the Health Insurance Plan. Students may waive coverage for dependent children under the age of three.

CALENDAR YEAR DEDUCTIBLE: The total amount you and/or your dependents pay in a calendar year before the insurance begins paying.

CALENDAR YEAR MAXIMUM: The maximum benefit you will receive.

DELTA DENTAL CONTRACT ALLOWANCE: You will usually pay the lowest amount for services when you visit a Delta Dental PPO dentist. PPO dentists agree to accept a reduced fee for PPO patients. Delta Premier dentists may not balance bill above the Delta Dental approved amount, so your out-of-pocket costs may be lower than with non-Delta Dental dentists’ charges.

You are responsible for the difference between the amount Delta pays and the amount your non-Delta Dental dentist bills. You will usually have the highest out-of-pocket costs when you visit a non-Delta Dental dentist.

POLICY HOLDER: The Policyholder is UC San Francisco.

PREDETERMINATION OF BENEFITS

When charges for a period of dental treatment (other than emergency treatment) are expected to exceed $300 for the insured or any covered dependent, you or your Delta Dentist may file a Predetermination dental treatment plan with Delta Dental before treatment begins. Delta Dental will provide a written response indicating benefits that may be payable for the proposed treatment.

COORDINATION OF BENEFITS

This coverage coordinates coverage with other group policies. This coordination gives us the right to recover benefit payments from another person or company liable for covering your dental loss.
